# COCKTAILS

---

Here at the Black Smoke we are very concerned about all the plastic waste in our oceans. So we decided to do something about it. We are trying to ban as much plastic out of our business as possible and one of the measures we've taken is to get rid of our plastic straws. So the straws in your drink may not be the straws you are used to, but are our little way of helping the environment and making this planet a better place.

Michter's US\*1 Bourbon is made from a carefully selected mash bill that features the highest quality American corn. Produced in very small batches and aged for around eight years. Teasing with caramel, vanilla and dried fruit notes, this is a very pleasant drink to both spend time with and to enjoy throughout the night. Their Master Distiller, Willie Pratt, has been in and around the whiskey industry for over forty years. He is lovingly referred to as Dr. No as he will never allow any casks to be released or bottled until they are just right meaning these bourbons are typically aged longer than other producers would otherwise age theirs.
