## **JIM BEAM, KENTUCKY STRAIGHT BOURBON** € 8,00

The story of the Beam family is one of seven generations, more than 200 years, countless challenges and one goal; to make the best bourbon in the world. So settle in, pour yourself a bourbon and prepare to travel back in time with the First Family of bourbon.

Elegant. Smooth. Refined. That's what 4 years of aging in newly charred American white oak barrels does to our bourbon. But every drop is worth the effort and Jim Beam loves the idea of sticking to their great-great-grandfather's recipe.

## **MAKER'S MARK** € 11,00

Bill Samuels Sr., simply wanted a whisky he would enjoy drinking. That's why Maker's Mark is made with soft red winter wheat, instead of the usual rye, for a full-flavored bourbon that's never bitter or hot. To ensure consistency, we rotate every barrel by hand and age our bourbon to taste, not time. Each and every bottle of Maker's is still hand-dipped in signature red wax at Maker's Mark distillery in Loretto, KY, just like Bill would have wanted.

## **KNOB CREEK**

**€ 14,00**

There's no faking full bourbon flavor. It has to be earned.

So that's what they do in Clermont: they earn it.

Made with the finest grains and finished by meticulously aging their whiskey in white oak barrels with maximum char, for an unmistakable richness and signature sweetness.

It's the natural way. And there's just no cheating nature.

## **BASIL HAYDEN'S**

**€ 15,00**

This style of bourbon was inspired by 1792 whiskey

pioneer Meredith Basil Hayden Sr., a rye farmer from

Maryland who moved to Kentucky and began distilling.

He chose to distill his bourbon with a higher percentage

of rye and Booker set out to create a similar high-rye

mash bill that would offer the same refined,

approachable taste profile.
