COCKTAILS

Here at the Black Smoke, we are very concerned about all the plastic waste in our oceans. So we decided to do something about it. We are trying to ban as much plastic from our business as possible and one of the measures we've taken is to get rid of our plastic straws. So the straws in your drink may not be the straws you are used to, but are our little way of helping the environment and making this planet a better place.

BOURBON

JIM BEAM, KENTUCKY STRAIGHT BOURBON € 8,00

The story of the Beam family is one of seven generations, more than 200 years, countless challenges and one goal; to make the best bourbon in the world. So settle in, pour yourself a bourbon and prepare to travel back in time with the First Family of bourbon.

Elegant. Smooth. Refined. That's what 4 years of aging in newly charred American white oak barrels does to our bourbon. But every drop is worth the effort and Jim Beam loves the idea of sticking to their great-great-grandfather's recipe.

JIM BEAM DEVIL'S CUT € 10,00

JIM BEAM SINGLE BARREL € 11,00

JIM BEAM BLACK EXTRA AGED € 9,00

MAKER'S MARK € 11,00

There's an old joke at the distillery that goes, "If we could make it any faster, we wouldn't." Because at Maker's Mark, it's one bottle at a time. Every time. That's as true today as it was when their founders filled their first bottle. And since then, it's been a widely held belief around there that character isn't made by machine.

NOB CREEK € 14,00

There's no faking full bourbon flavor. It has to be earned. So that's what they do in Clermont: they earn it. Made with the finest grains and finished by meticulously aging their whiskey in white oak barrels with maximum char, for an unmistakable richness and signature sweetness. It's the natural way. And there's just no cheating nature.

BASIL HAYDEN'S € 15,00

This style of bourbon was inspired by 1792 whiskey pioneer Meredith Basil Hayden, Sr., a rye farmer from Maryland who moved to Kentucky and began distilling. He chose to distill his bourbon with a higher percentage of rye and Booker set out to create a similar high-rye mash bill that would offer the same refined, approachable taste profile.
