BLACK SMOKE'S CLASSICS

NEGRONI

12

Bitter – Bold – Citrusy – Strong

The Negroni was created in the early 20th century in Florence, when Count Camillo Negroni asked his bartender to strengthen his favorite cocktail, the Americano, by replacing the soda water with gin.

The result? A bold, bittersweet classic that became an icon.

Our Negroni combines the deep, spiced notes of vermouth, the lively bitterness of the Italian aperitif, and the powerful flavor of gin.

Finished with an orange twist, it's the perfect balance of elegance and intensity.

Our Espresso Martini delivers an intense coffee flavor with a velvety texture and just the right amount of sweetness—perfect for those looking to stay up all night with a kick of caffeine and alcohol.

BOURBON

JIM BEAM, KENTUCKY STRAIGHT BOURBON

6

The story of the Beam family spans seven generations, over 200 years, countless challenges, and one goal: to make the best bourbon in the world. So sit back, pour yourself a bourbon, and get ready to travel back in time with the First Family of Bourbon.

Elegant. Smooth. Refined. That's what four years of aging in new charred American white oak barrels does to our bourbon. Every drop is worth it, and Jim Beam cherishes the idea of staying true to their great-grandfather's recipe.

MAKER'S MARK

11

Bill Samuels Sr. simply wanted a whiskey he would enjoy drinking. That's why Maker's Mark is made with soft red winter wheat instead of the usual rye, creating a full-flavored bourbon that is never bitter or harsh. To ensure consistency, each barrel is hand-rotated, and our bourbon is aged for flavor, not time. Every bottle of Maker's is still hand-dipped in the signature red wax at the Maker's Mark Distillery in Loretto, KY—just as Bill intended.

KNOB CREEK

14

You can't fake the full bourbon flavor. It has to be earned. And that's exactly what they do in Clermont: they earn it. Made from the finest grains and perfected by carefully aging their whiskey in heavily charred white oak barrels, it develops unmistakable richness and signature sweetness. It's the natural way. And there's simply no way to cheat nature.

BASIL HAYDEN'S

15

This style of bourbon is inspired by whiskey pioneer Meredith Basil Hayden Sr. from 1792, a rye farmer from Maryland who moved to Kentucky and began distilling. He chose to distill his bourbon with a higher percentage of rye, and Booker decided to create a similar high-rye mash bill to deliver the same refined, approachable flavor profile.
